EMPOWERING VETERANS:

THE WORKFORCE VETS PROGRAM

Our veterans have sacrificed so much to serve and protect our country. When they return home, they're often faced with a new challenge - transitioning back to civilian life. For many veterans, that means struggling to find employment and build a new life for themselves and their families. This not only puts a strain on their finances, but on their mental health and well-being as well. We owe it to our veterans to provide them with the support and resources they need to succeed in their civilian lives.

THE CHALLENGE

Many veterans face significant barriers to employment, such as a lack of job training or education, difficulty translating military skills to civilian jobs, and mental health challenges such as PTSD.

THE SOLUTION

education and training opportunities, mentorship, and job placement assistance to veterans in Allegheny County. The Workforce Vets program is designed to help veterans build successful careers in industries such as construction, carpentry, plumbing, electrical work, and other trades.

BUILDING LEADERS

Best Pittsburgh has been working tirelessly to provide support and resources to homeless and at-risk veterans in Allegheny County. Through our outreach program, we have helped these veterans secure affordable housing and have provided them with a safe and clean environment to help them on their path toward independent living.

The Workforce Vets Program aims to empower veterans and help them become leaders in their community. This program will not only increase community awareness and acceptance of at-risk veterans but will also provide them with real connections and opportunities to succeed in various industries, such as construction and other trades. Our goal is to provide veterans with the resources and support they need to overcome the challenges they face and thrive in their civilian lives.

• Education and Training

Partner with local community colleges, vocational schools, and industry organizations to provide education and training opportunities to veterans in various industries such as construction and other trades.

• Leadership Development

Provide leadership development opportunities to veterans, including workshops, seminars, and mentorship programs. Veterans will have the opportunity to connect with experienced professionals in chosen fields who can offer guidance and support.

• Job Placement Assistance

Provide job placement assistance to veterans to help them secure employment opportunities in their chosen fields. The program will partner with local businesses and organizations to identify job openings and connect veterans with potential employers.

SUPPORTING VETERANS: HOW YOU CAN MAKE A DIFFERENCE

There are many ways that individuals and organizations can support Best Pittsburgh and the Workforce Vets Program to help empower veterans in the Pittsburgh community. One way to make a difference is by making a financial contribution to the program. Your donation can help provide veterans with the resources they need to succeed in their careers, including job training, mentorship, and networking opportunities. No amount is too small, and every donation can make a meaningful impact on the lives of the veterans we serve.

Another way to support the program is by donating your time and expertise. We are always looking for volunteers who can help mentor veterans, provide job training, or offer other support services. By donating your time, you can make a direct impact on the lives of the veterans in our program and help them achieve their goals. If you or your organization has expertise in a particular industry or field, we also welcome the opportunity to collaborate on job training or other initiatives that can help our veterans succeed. Together, we can make a difference in the lives of those who have served our country. your support can make a meaningful impact on the lives of those who have served our country. Let's honor our heroes and help them thrive in their civilian lives.
